# INTRODUCTION AND GENERAL INDEX

---

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Albemarle Directory since 1951), present to subscribers and the general public, this, the 1971 edition of the Albemarle City Directory, which also includes Badin. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State, and National Directories).

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Albemarle, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Albemarle, and the name, official personnel, nature and address of each firm and corporation in the community.

069818

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity.

### The Albemarle Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Albemarle City Directory, a Directory Library is maintained in the offices of the Albemarle and Stanly County Chamber Of Commerce, Inc., for free reference by the general public. This is one of more than 800 Directory Libraries, installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## Location

Albemarle, the county seat of Stanly County, is located in the south central portion of the State in the gently rolling hills of the ancient Uwharrie Mountain Range of Piedmont, North Carolina. The city is 42 miles northeast of Charlotte, 115 miles southwest of Raleigh, 22 miles east of Concord, and 200 miles west of the North Carolina coast. It truly can be described as an area of "accessible isolation," being near large market areas, and yet not hampered by large industrial areas threatening to smother it. There are six other incorporated communities in the county, and four unincorporated ones. The former includes Albemarle, Norwood, Oakboro, Stanfield, Richfield, and New London, while the latter includes Aquadale, Badin, Locust, and Misenheimer.

## Climate

The area enjoys a mild, healthful climate throughout the year, with an annual mean temperature of 60 degrees and an average yearly rainfall of 48 inches. The area has a growing season of approximately 200 days and is not subject to violent storms or other unusual weather conditions.

## History

In the middle 1700's, the region which today includes Stanly County, was a great rolling, grassy plain with timber mostly along the water courses. This was one of the factors which drew settlers from Pennsylvania and New Jersey. These Dutch, Scotch-Irish and German people left their northern homes for the same reasons they had left the old country; political and religious oppressions. They settled for the most part in the northern part of the area while people with English backgrounds came from Virginia and the Cape Fear River Basin to settle in the southern part.

Originally, all of the Yadkin area belonged to New Hanover County, but subsequent divisions attached the region now known as Stanly County to Montgomery County. In 1841, the General Assembly created Stanly County, using the Yadkin River as a natural boundary line.

The post office for the area in 1826, when it was still a part of Montgomery County, was known as Smith's Store, after George S. Smith, the owner and postmaster. By 1841, quite a crossroads community had developed where the Old Turnpike Road from Fayetteville to Salisbury crossed the Old Stage Road connecting Charlotte and Raleigh. It was then that the post office was officially changed to Albemarle. The name was for the first county created wholly in this state in 1663. The county Albemarle was named after George Monk, Duke of Albemarle. It was on February 2, 1857, however, that Albemarle was incorporated. The first courthouse was built in 1842, and remained in use for nearly 50 years.

At one time, river traffic came up the Yadkin River to within ten miles of Albemarle, but this has long since given way to the harnessing of the river for electricity.

There was a gold rush in the county during the 1860's, and at one time, there were four mines in operation here. Even today, people come to the mine sites hoping to find relaxation and perhaps something of value.

It was around the turn of the century that Albemarle seemed to blossom forth. The county's first textile plant, the Efid Manufacturing Company, was organized in Albemarle in 1896. It was followed in 1899 by the Wiscasset Mills Company which was formed by the late J. W. Cannon. The first passenger train appeared in the county around 1897.

In 1901, gold caused George I. Whitney to attempt to dam the Yadkin River. He dreamed of gold and an empire created by electric power from the falling waters of the river, but after the expenditure of several million dollars, his dream faded. The dam that bore his name was abandoned, unfinished. The brawling boom-town became a ghost town in 1907. But then a French aluminum reduction company bought up the Whitney holdings and began construction of the Narrows dam and power house. The town site of Badin was laid out, but then World War I started and caused the Frenchmen to return home. In 1915, the Aluminum Company of America bought the holdings and the boom began again. Ever since then, the company has used electricity generated from its dams along the river to smelt aluminum at its Badin Works. The company completed a \$41 million renovation program there in 1964.

## People

Albemarle and Stanly County have had a steady rise in population during the past twenty years. This has been due to its strategic location, fertile soils and to its citizens who are its greatest asset. The people are cordial and friendly to newcomers, who become an integral part of civic, religious, and cultural life of the city. This community spirit of cooperation is reflected in the growth and progress of the past two decades.

	1940	1950	1960	1970 (Preliminary figures)
Albemarle	4,060	11,798	12,261	11,493
Norwood	1,515	1,735	1,844	---
Stanly County	32,834	37,130	40,873	42,215

## Agriculture

Though on the edge of the industrial Piedmont Crescent, Stanly County is a major Agricultural county. Farming is a \$16,500,000 per year industry. There are some 1700 farms in the county and they average 80 acres each, with a majority being owner operated. Poultry, commercial eggs, beef cattle, dairying, soybeans, corn, milo, wheat and small grains are the main agricultural enterprises in the county. Stanly leads the entire state of North Carolina in the production of commercial eggs. There are 28,000 acres of improved permanent pastures in the county.

## Industry

Proof of Stanly County's desirability as a good place to live and work has been the expansion of many existing industries and the arrival of a number of new firms seeking southern locations.

Though textile-oriented through the years, Stanly County's industrial complexion is gradually changing as more diversified operations come into the area. Included in the county's industrial family are:

Almond Bros. Poultry Co. (Albemarle)—poultry processing.

Aluminum Company of America (Badin)—primary aluminum.

American & Efird Mills, Inc. (Albemarle)—cotton and synthetic yarns.

Arjay Manufacturing Co. (Locust)—knit products.

Cassie Cotillion Corporation (Norwood)—children's lingerie.

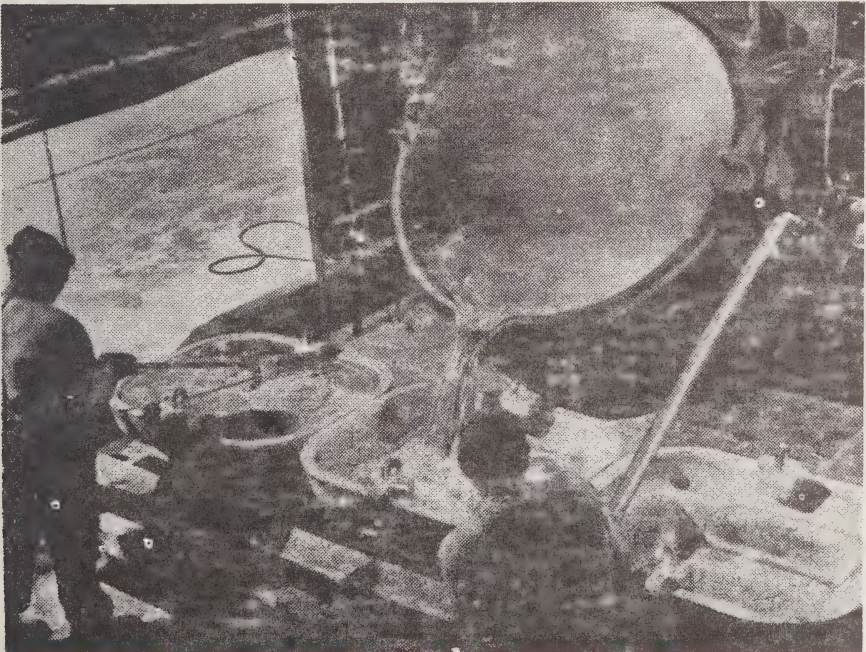

Collins & Aikman Corporation (Norwood)—synthetic yarns; (Albemarle)—automotive carpeting and fabrics.

E. J. Snyder & Co. (Albemarle)—textile dyeing and finishing.

Federal Pacific Electric Co. (Albemarle)—circuit breakers.

Jefferies Southern Processors, Inc. (Albemarle)—textile dyeing and finishing.

Knitster Inc. (Albemarle)—apparel.

 Richfield Manufacturing Co. (Richfield)—bedspreads.  
 Stanly Knitting Mills (Oakboro)—ladies' hosiery.  
 Ware Knitters, Inc. (Albemarle)—knitted cloth.  
 Warren Mills Inc. (Albemarle)—men's full fashioned knit shirts.  
 Wiscasset Mills Co. (Albemarle)—cotton yarn, ladies' hosiery.  
 Young Manufacturing Co. (Norwood)—bedroom and dining room furniture.

Other plants produce a variety of products, including upholstered furniture, brick, clay, and light weight aggregate products, flour and feed, electrical components, printed materials, wood and metal products, etc.

### Commerce

Albemarle is the county's principal retail center and its stores offer the shopper a wide variety of reasonably priced merchandise to suit every taste and budget.

Four banks contribute to the county's healthy financial climate. They are the Cabarrus Bank & Trust Company, the First National Bank, the Piedmont Bank & Trust Company, and the Security Bank & Trust Company.

In addition, two progressive savings and loan institutions have assisted a large percentage of the county's population to own their own homes. They are the Home Savings & Loan Association, and the North Carolina Savings & Loan Association.

### Government

Stanly County is governed by five commissioners who are elected for four year terms. In 1962, the City of Albemarle adopted the Council-Manager form of government. Thus it is governed by a mayor and five aldermen and is administered by a city manager. Each of the other cities in the county is governed by a mayor and aldermen. In keeping with its early heritage, the county has traditionally been governed by the two-party system.

The city and county have modern fire and police protection, which is maintained at a high level of efficiency. Each city and town has its own fire department, and every other section of the county is covered by volunteer fire departments.

### Utilities

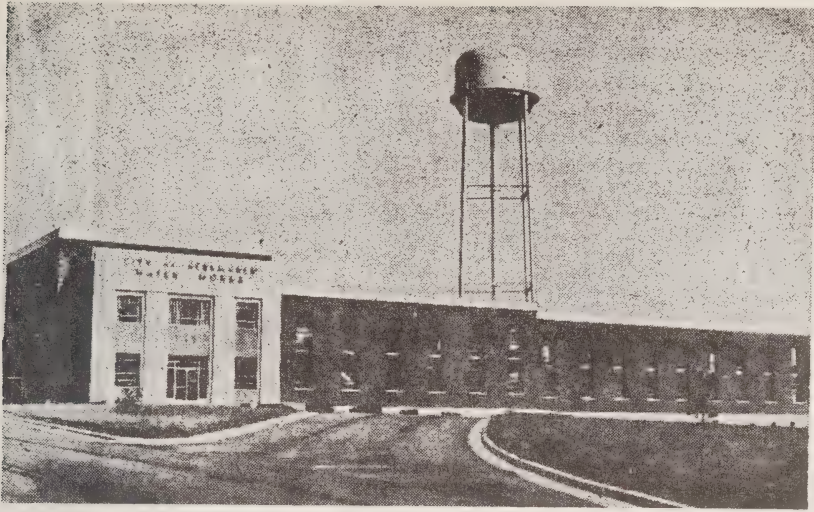

The City of Albemarle supplies water, sewage, and electrical services to all parts of the city and some outside areas. Water is obtained from the Yadkin River and is processed through the filter plant which has a 10 million gallons per day capacity. The municipal sewage disposal system is modern and has a capacity of 8 million gallons per day to meet the growing needs of the community.

The Duke Power Company supplies much of the county with electricity, while natural gas is supplied by North Carolina Natural Gas Company. Telephone service in the county is by the Concord Telephone Company, the North Carolina Telephone Company, and Southern Bell Telephone & Telegraph Company.

### Transportation

Highways: Albemarle is served by U. S. 52 and North Carolina 24, 27, 73 and 740, connecting it with other cities in all directions. Other highways crossing the county are N. C. 49, 200 and 205.

Railroads: Albemarle and Stanly County are served by the Winston-Salem Southbound Railroad, and the Carolina and Northwestern Railway Company, and the Norfolk and Southern Railroad. The former is jointly owned by the Norfolk and Western and the Seaboard Coast Line Railroads, connecting with the N&W at Winston-Salem and the Norfolk &

Water Works

Southern at Norwood. The C&NW is a subsidiary of the Southern Railway Company and connects with the Southern's main line in Salisbury, thirty miles away.

Air: Albemarle has a well-maintained landing strip for single and light twin engine aircraft. The Charlotte Airport, only one hour's drive away, is served by five major airlines.

Other: Three bus companies and seven trucking companies serve the Area on a daily schedule basis.

#### Health Facilities

The Stanly County Hospital was opened in 1950, and with the completion later of two additions, it now has a capacity of 134 beds. The hospital operates its own blood bank under the direction of the pathologist and blood bank specialists, X-ray therapy is also provided.

There are more than 20 practicing physicians in Stanly County, and some specialize in such fields as Internal Medicine, Surgery, Obstetrics

Stanly County Hospital

and Gynecology, Ophthalmology, Pediatrics, Pathology, Radiology, and Urology. Some nine dentists maintain practices in the county.

The Stanly County Health Center contains modern, up-to-date clinical equipment and is staffed by a medical doctor and registered nurses. In addition, the county has a Mental Health Clinic with part-time staffing from the University of North Carolina at Chapel Hill.

### Education

Every normal educational need, from elementary school through college, can be met in Stanly County. The Albemarle City School System consists of one senior high school, one junior high school, and five elementary schools. The Stanly County School System has twelve elementary schools and three high schools.

In both the City and County systems, provisions have been made for special education classes for the educable and trainable mentally retarded students.

Pfeiffer College, a four year co-educational accredited liberal arts school, is located eleven miles north of Albemarle at Misenheimer. This institution has nearly 1,000 students and offers twenty different majors, plus a two-year secretarial science program. Students may work for either a bachelor of arts or a bachelor of science degree. A ratio of approximately one professor for each twelve students helps to insure many small lecture classes of twenty to twenty-five students, while science labs are limited to twenty-four students.

### Library

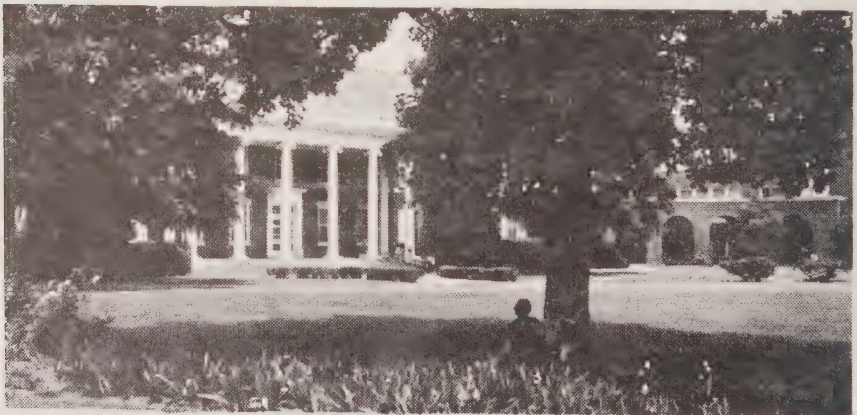

The Stanly County Public Library, containing over 50,000 volumes, is supported jointly by the City of Albemarle and by Stanly County. The main library is located in Albemarle and has branches in Badin, Norwood, and the South Albemarle community. Its bookmobile serves the remainder of the county.

### Churches

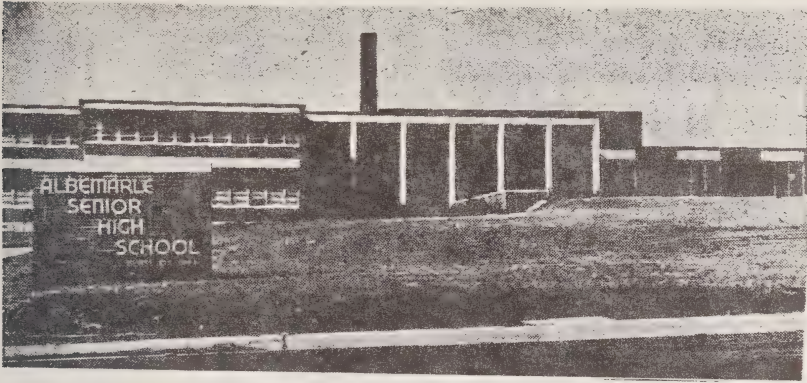

Down through the years, religious faith has played an important role in the life of Albemarle and Stanly County people. Church membership is high in the more than 100 churches representing the Baptist, Catholic, Episcopal, Methodist, Lutheran, Presbyterian, and other denominations.

### Cultural Activities

The people of Albemarle and Stanly County are quick to take advan-

tage of the many cultural opportunities afforded them throughout the year. The Community Concert Association presents a fine series of programs each year. Concerts, drama and art programs at nearby Pfeiffer College are open to the public and are well attended. A number of art classes have been started and interest in them is high. Each spring local artists display their work at the Stanly Art Show.

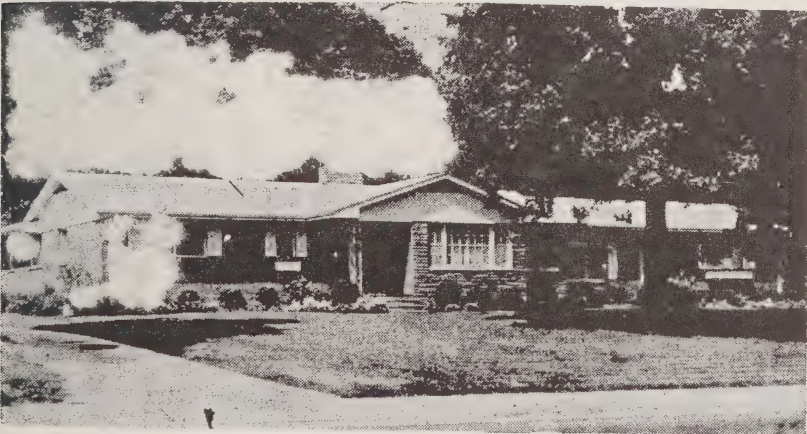

As Charlotte is only one hour's drive away, citizens of this county can take advantage of the many activities at the Charlotte Auditorium and Coliseum.

### Organizations

Civic participation is perhaps most responsible for the continuous growth and progress of the area. The civic clubs and other organizations actively sponsor many worthwhile projects for the good of the whole community.

Many men are active in such organizations as Jaycees, Rotary, Lions, Optimist, Civitan, investment groups, etc. The women of the community participate in approximately twenty garden clubs, the Woman's Club, the Junior Woman's Club, and other organizations.

Activities for the youth include Boy and Girl Scouts, Hi-Y and Tri-Hi-Y, as well as organized athletics.

Residential Scene

### Homes

Homes in Albemarle and Stanly County show pride of ownership and reflect the homelike, wholesome atmosphere of the area. There are some beautiful older residences, as well as new developments, apartments, and rental property.

In the past, Albemarle has experienced some difficulty in keeping up with the demand for housing, but increased home building has resulted in new developments and wide variety of price ranges; all carefully planned to meet the needs of the growing population. Even those developments farthest from the downtown section require only a five to ten minute drive to work, school or church.

### News Media

The Stanly News & Press, published semi-weekly, has an average circulation of 10,000. This is the largest per capita circulation of any semi-weekly paper in the South. Nearby daily papers with morning and afternoon editions are delivered in the area by carrier.

Albemarle is served locally by Radio Stations WABZ, and WZKY. Three television channels are received without the need of an outside antenna.

Eating and Lodging: Modern Motel, hotel and eating facilities are located in and around Albemarle.

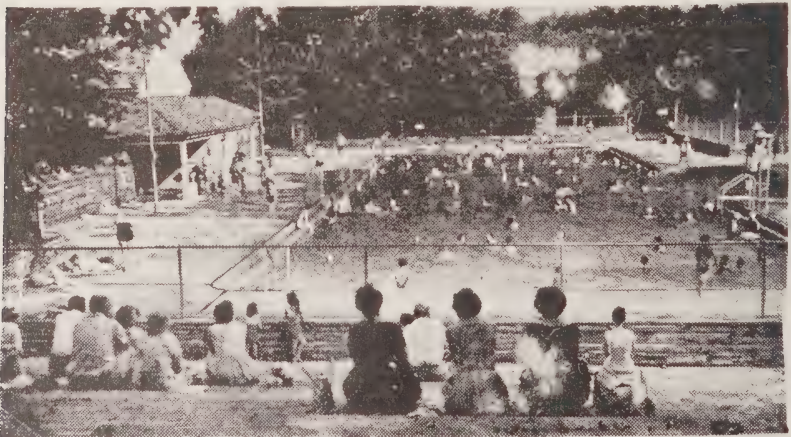

### Recreation

Stanly County is gaining additional recognition each year as the "Playground of the Lower Piedmont," for it is truly an ideal location for recreation. Five miles east of Albemarle is the 4,000 acre Morrow Mountain State Park, where one can enjoy fishing, boating, swimming, picnicking, hiking, camping, etc. Near the park are two other large Yadkin River lakes, which are available for fishing, water skiing, and boating, as well as summer homes.

Game is in abundance for the hunter in Stanly County and adjoining Montgomery County. Deer, Quail, and Duck are especially good.

The Stanly County Country Club at Badin has a beautiful, well maintained 18-hole course and a most attractive clubhouse. The Piney Point Golf Club at Norwood has an 18-hole championship course, swimming pool, and modern clubhouse.

A full-time parks and recreation director is employed by the City of Albemarle to plan and implement its excellent, year-round program for

Swimming Pool Scene at Morrow Mountain State Park

all ages. There are six City parks, including four small neighborhood parks and two major ones. Rock Creek Park has a swimming pool, lighted tennis courts, lighted ball field, rifle range and picnic facilities. At the South Albemarle Park, there is a swimming pool, multi-purpose play area, lighted ball field, and picnic area.

In the town of Oakboro, the Town and the Oakboro Junior Chamber Of Commerce have jointly developed a park, complete with tennis court, picnicking facilities, swings and other playground equipment, and a jet airplane.

The Wiscassett Memorial Y.M.C.A., which was constructed in 1950, is one of the most beautiful and best-equipped buildings of its type. It has thirteen paid staff members working in a well-planned and well-supervised program of recreation for all ages. A modern indoor swimming pool was completed in 1963.

Football, basketball and baseball are enjoyed locally by the young and old. The high schools in the county and Pfeiffer College offer many opportunities for the fans. Southern Conference and Atlantic Coast Conference sporting events are only a few hours drive away.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight  
*Insist on being well represented in its pages.*

## Do Not Lend Your CITY DIRECTORY

**IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

**THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.**

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★

Do your employers furnish you with  
the latest edition of the City Directory?

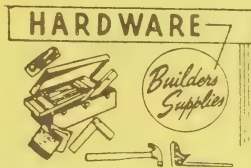

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

and 982-0154****CAUTION . . . . .**

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**WHY A BUYERS' GUIDE?**

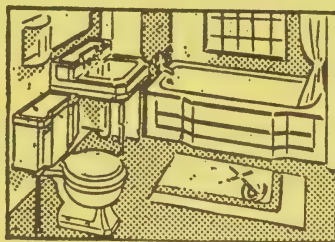

IT IS CUSTOMARY TO INCLUDE A BUYERS'  
 GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory information . . . EXTENDED ★

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**CASHIERS! TELLERS! CLERKS!**  
Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

 Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition  
of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**CASHIERS! TELLERS! CLERKS!**  
Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## STREET and AVENUE GUIDE INCLUDING TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES 1971

Including Badin

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

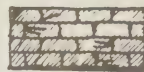

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# **CASHIERS! TELLERS! CLERKS!**

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

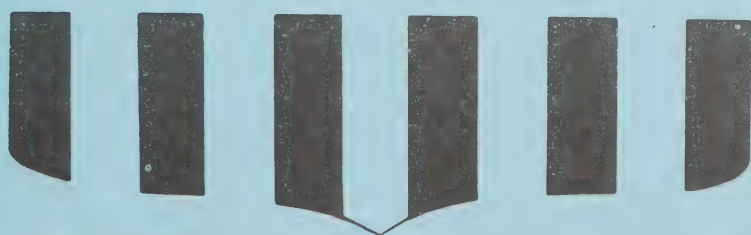

**5** A *Statistical and Historical Story* of your city plus miscellaneous other information.

*You save more than money  
with*

## ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***
